

# **Individual Golf Lessons**

**With Qualified PGA Professional**

**Owen Leslie**

## **One-off Range Lesson**

**£25**

A one-off lesson in our golf school. The lesson will be around 45 minutes long and can be structured for beginners to learn the basics, or for more accomplished players to iron out any particular fault. Video analysis will be used when appropriate.

## **Block of 4 Range Lessons**

**£80**

As above, but a little cheaper when you buy more. Lessons can be taken at any time throughout the season. Great for beginners to stagger your learning or for players to have regular check-ups.

## **On Course Coaching**

**£50**

Play 9 holes with our Professional at Piperdam (lesson not exceeding 2 hours). Great for picking up a few pointers on both your swing and short game, helping you shave valuable shots off your future scores. Clubs supplied if needed at no charge. These lessons are aimed at players who already have some golfing experience and are not really suited for complete beginners.

## **Lesson Bundle**

**£120**

This consists of a combination of the above lessons. You could have either two range lessons followed by two on course lessons, or have four range lessons and one lesson on the course. You can customize your package to suit your needs.
