GASK HILL

Gask Hill is a 348-metre top in the Sidlaw Hills, which stretch eastwards from Perth to North of Dundee. At just over three kilometres the route is quite short, but is over open ground with no obvious paths and is quite steep in parts. The route is not recommended for wet weather due to the steepness of the ascent and descent of the hill. The views from the top are excellent. There are no facilities close to the walk.

Directions

Terrain:

At just over three kilometres the route is quite short, but is over open ground with no obvious paths and is quite steep in parts. The route is not recommended for wet weather due to the steepness of the ascent and descent of the hill.
